# GARMIN HUNTVIEW™ PLUS

PRODUCT UPDATE

## 1:24K Topographic Maps

Garmin is pleased to announce that the new annual editions of the Garmin HuntView Plus maps are now available. These maps are updated with the 2020/2021 data for Hunting Management Units, which contains boundaries and information on multiple species (where applicable). The new editions also offer updates for public/private landowner names and boundaries.

The new part numbers are listed below. All states are now available with the updated data — except for Hawaii, Idaho, North Dakota, South Dakota, Texas, Utah and Wisconsin, which will be available soon. Please note these new part numbers below will replace the current Garmin HuntView Plus map part numbers.

Please note: The ECCNs and Classification numbers provided represent the opinion of Garmin International, Inc. of the proper classifications for the products today (based on the original software and/or original hardware). Classifications are subject to change. Under the U.S. export regulations, the U.S. Government assigns your organization or client, as exporter/importer of record, the responsibility for determining the correct classification of any item at the time of export/import. Depending on the products, the customer, or the country of destination, an export license may be required by the Department of Commerce prior to shipment. The Department of Commerce's Bureau of Industry and Security (former Bureau of Export Administration) website (<http://www.bis.doc.gov>) provides information that might be useful to you in determining whether you need to obtain a license for a particular shipment. To be clear, if an item described above does require a validated export license, it would be the exporter's responsibility to obtain this license prior to exportation.
